

Merry Christmas

Happy New Year

❄ We need to help people so that in the future we can be rewarded.

❄️ Do volunteering this Christmas because you can help making other people happy once they deserve the same opportunity as we do.

- ❄️ Some people have no money to buy food... Christmas is coming and all of us would like to receive presents.
- ❄️ Well, the children that are for adoption don't have that luck. We can contribute with something very simple to make them smile.
- ❄️ You can also donate some clothes that you don't use and that are in good conditions.

❄ Today it's about them, tomorrow we hope it's not about us.

❄ People need to be special and to be loved by someone.

❄️ You can visit people that are at the hospital and feel lonely.

❄ We should help people no matter how different they are because they are human and they also have feelings.

❄️ If you want a happy Christmas spend it with your family because they are the best choice.

*The end...*
